Mr. Robert G. Wright, Jr.
Federal Bureau of Investigation
Kansas City, Missouri

Dear Mr. Wright:

I have learned of your exemplary efforts in connection with the Unlawful Flight to Avoid Prosecution case involving William Dale Jones, and I wish to commend you. Your fine services are richly deserving of the incentive award which I have enclosed for you.

During the surveillance and arrest operation that targeted the subject, you courageously put yourself in mortal danger in order to prevent the individual's escape. Also, your quick thinking and diligence enabled you to contact the command post following the incident and inform them of the details. I want you to know of my deep respect for your bravery, integrity, and professionalism, and I truly appreciate your unyielding dedication to the FBI.

Sincerely yours,

Louis J. Freeh
